

KONSULADO PANLAHAT NG PILIPINAS

CONSULATE GENERAL OF THE PHILIPPINES

AGANA, GUAM

28 January 2008

To the Film Grant Selection Committee:

The Consulate General of the Philippines in Guam commends Ms. Bernadette Provido Schumann for the Camp Roxas Film Documentary project and looks forward to its successful completion. We understand that Mr. Alex Munoz, a renowned film director, is directing this project. His participation would ensure a well-crafted documentary.

The members of Camp Roxas, who are now in their twilight years played an important part in the rebuilding of Guam after the second World War. I have no doubt they have a story to tell which could help us better appreciate their contributions to Guam. It is important that their story be recorded and passed on to the next and future generations of Filipino-Guamanians.
